# ABOUT JACQUELINE

## BACKGROUND

Hi, I am Jacqueline "J" Semerly. I am Babson College graduate who will love your dog like my own. My passion for dogs and animals infiltrates the most important aspects of my life. My demeanor is calm and collected and I understand "dog language" to a great extent. I always tell my clients, *if you forget to tell me something, your dog definitely will!* ... more to come

## PET CARE EXPERIENCE

...I know all animals have their quirks and I will adapt to each and every need. I have cared for pups that are just 4 lbs and all the way up to 130 lbs: I understand the differences amongst breeds and sizes and cater to their species nuances...more to come

I will write my Bios, and content for this page and provide that. I anticipate it being somewhat long, so the page will have a scroll. I will also provide a string of images that you can string along the right side of the screen as I started to do.
